

## REMARKS

A few of the claims have been amended to improve the clarity of their language. Claim 1 has an added limitation to specify "the chronometer accepts input from a user to measure a period of time". This limitation merely reduces ambiguity in the word "chronometer".

Applicant submits that none of the claim amendments changes the scope of the claim but merely presents rejected claims in better form for consideration on appeal.

DATED this 17<sup>th</sup> day of May, 2006.

Respectfully submitted,
